I build high-converting websites and scalable web apps. Client brands and ministries trust me for launch-ready frontends; I also ship my own SaaS so quality is not theoretical.

WHAT I DELIVER

- Marketing & e-commerce sites that convert on mobile
- SaaS / web app UI (React, TypeScript, Tailwind)
- Redesigns, performance, and on-page SEO foundations
- Clear process: Discovery → Strategy → Build → Launch
- Remote-friendly; Nigeria + international clients

STACK SNAPSHOT

- HTML, CSS, JavaScript, TypeScript, React, Tailwind
- Supabase / Firebase / API integration
- Netlify, Vercel, PXXL hosting
- Lighthouse-minded performance & accessibility

LIVE PRODUCTS

- ArcNotes — arcnotes.pxxl.click · AI PDF summaries
- SitePulseNg — sitepulseng.pxxl.click · site audits
